Got **NUMERACY**?

Abbie is making a wooden toy for her D.T. project.

For part of it, she needs to split a piece of timber 38cm long into 5 equal parts.

What length should each part be to the nearest millimetre?

Jack is making a patchwork quilt at school. He is using squares of fabric measuring 18cm x 18cm.

He will need a 1.5cm seam allowance all the way around each square.

His quilt needs to be 1.5 metres long and 1.2 metres wide.

How many squares of fabric does he need?
