

# Got NUMERACY?

As part of their religious practice, Jews tithe 10% of their income to the synagogue.

This money is used to help charities or for religious purposes.

If a Jewish person earned £24 655 a year, how much would they tithe to the synagogue?

As part of their religious practice, Muslims keep Zakah by giving 2.5% of their income to the mosque.

This money is used to help charities or for religious purposes.

If a Muslim person earned £24 650 a year, how much would they pay to the mosque to keep Zakah?
