

w/c 9th July

Got NUMERACY?

Donkey rides are available on the beach.

One donkey leaves every 9 minutes; the other leaves every 12 minutes.

They both start their journeys at 10.30 am.
When will they next start at the same time?

There are some children and donkeys on the beach.

Altogether they have 43 heads and 122 feet.

How many children are there?

(Each child has two feet and each donkey has four.)
