

## **British Values in PSHE**

In PSHE we aim to educate pupils on each of the values that underpin life in modern Britain. These values are:

- **Democracy** - where pupils are encouraged to have respect for democracy and support for participation in the democratic processes, including respect for the basis on which the law is made and applied in England
- **The rule of law** - where students are able to distinguish right from wrong and to respect the civil and criminal law of England
- **Individual liberty** - where pupils understand as long as we do not break the law, we can live as we choose to and have our own opinions about things
- **Mutual respect** - We aim to enable students to develop their self-knowledge, self-esteem and self-confidence but also respect individuality and differences in others.
- **Tolerance of those of different faiths and beliefs** - where harmony between different cultures and traditions is encouraged, by enabling students to acquire an appreciation for and respect for their own and other cultures

Pupils are then encouraged to explore how these values relate to them personally and consider how they affect their place within our diverse and welcoming school community.
