

## KS4 Options 2021

You must select 4 subjects to study at KS4. Please select at least 1 subject from List A up to a maximum of 4 choices. You are strongly encouraged to select more than one of these subjects. Then select up to 3 subjects from List B to make up your selection of 4 different choices in total. After selecting 4 subjects, please then rank your choices in order of preference. On rare occasions, it is difficult to place every student with all of their choices; to help manage this situation please also nominate a reserve choice of subject to study.

	Subject	Subject Group
