

### Year 9 Homework Timetable

Homework tasks will generally take 30-45 minutes to complete. Students should expect regular homework tasks throughout the year, set roughly as follows:

Week A					Week B				
Monday	Tuesday	Wednesday	Thursday	Friday	Monday	Tuesday	Wednesday	Thursday	Friday
	<b>Maths</b>		<b>English</b>			<b>Science</b>	<b>English</b>		

In addition, students will be set homework in the following subjects:

**Week A:** Geography, Technology and Languages

**Week B:** Computing, History, RE

Students should also expect half-termly, extended pieces of homework in Music and Art.

Please note: the above is a rough guide to help students organise their independent learning. There will be times when it is necessary for teachers to deviate from the above schedule, such as when assessment tests are approaching, when inset days are scheduled or when unexpected school closures occur.
