

Careers Plan

	All	Y7	Y8	Y9	Y10	Y11
Objective		Students are engaged in understanding the world of work and motivated to pursue a job or career.	Students are aware of options in the labour market. They are also aware of their current strengths and interests.	Students make choices that support their aspirations and are aligned to labour market opportunities.	Students acquire skills and behaviours necessary to attain their desired employment.	Students attain and transition to their desired employment, or are en route to doing so in their career.
