

Year 11 Homework Timetable

Homework tasks will generally take 45-60 minutes to complete. Students should expect regular homework tasks throughout the year, set roughly as follows:

Week A					Week B				
Mon	Tues	Weds	Thurs	Fri	Mon	Tues	Wed	Thurs	Fri
		Maths	English				Maths	English	

In addition, students will be set homework in Options subjects as follows:

Weekly: Science, Languages, Geography, History, RE, DT, Food, Child development

Week A: Sports Studies/Sports Science, Citizenship, Art, Digital Photography

Week B: Science, Computer Studies, Drama

It is a student's responsibility to:

- Regularly check ClassCharts for homework tasks and deadlines.
- Plan and begin homework tasks shortly after they are set.
- Ask teachers for any support you need **well before homework is due.**
- Meet homework deadlines.
- Complete tasks to the best of your ability.

Please note: the above is a rough guide to help students organise their independent learning. There will be times when it is necessary for teachers to deviate from the above schedule, such as when assessment tests are approaching, when inset days are scheduled or when unexpected school closures occur.
